

3rd European La Leche League Congress

June 10/11, 2005
Graf-Zeppele-House, Friedrichshafen (D)

Why you shouldn't miss this congress

La Leche League Switzerland looks forward to welcoming health professionals and La Leche League leaders as well as mothers and fathers from all over Europe in Friedrichshafen, Germany.

Breastfeeding is a basic human need and breast milk is the natural food for newborns. Knowledge about breastfeeding and a positive attitude towards it, plays an important role in our society.

It is very important to us to promote the knowledge around breastfeeding throughout Europe. This conference gives you the opportunity to exchange information with other professionals, to enlarge your knowledge of breastfeeding, to make contacts and offers suggestions you may take home to your country. You will have the occasion to listen to and meet a number of internationally renowned experts. You have the choice out of a broad range of topics that might support you in your daily work. The congress site is centrally located at the place where three German speaking countries meet, it can be easily accessed from the neighbouring countries.

At the La Leche League Congress you will be informed of all the latest findings in the field of lactation.

The congress addresses La Leche League leaders, health professionals such as doctors, midwives, nurses, IBCLC lactation consultants, family counsellors as well as parents and other interested parties from over all of Europe who collectively contribute to the promotion of breastfeeding.

La Leche Liga Switzerland looks forward to welcoming you to the congress.
